

**Quality Control Unit
Data Alert – 2026-11
Announcement from SEER – Solid Tumor Rules
Registrar Education webpage and video**

Please see the following official announcement from SEER regarding Solid Tumor Rules registrar education video.

The National Cancer Institute Surveillance Research Program has launched the **Solid Tumor Rules Registrar Education webpage**:
seer.cancer.gov/tools/solidtumor/training.html. Visit this page for the latest educational materials for cancer registrars about the manual.

In the first, short, educational [video posted](#), Denise Harrison explains **the ambiguous and definitive terms lists for determining histology in the Solid Tumor Rules 2026 Update** and provides examples from each list.

Questions: Submit questions about the Solid Tumor Rules to [Ask a SEER Registrar Forum](#) and select "Solid Tumor Rules" as the subject. The Solid Tumor Rules Registrar Work Group monitors these questions for necessary changes to the manual and educational topics.
